

Staircare SC-R 70 have been designed to offer lasting slip resistance. They are made from a composite material that is suitable for use in harsh environments; including, high exposure to salt water. During the manufacture process silicon carbide is incorporated to form an inseparable gritted surface. SC-R 70 are available in yellow with UV protection and a heavy duty silicon carbide anti slip grit for serious slip protection.

SC-R 70 tread cover have been slip resistance tested to AS4586:2013 passing with the highest slip resistance rating of Class P5 for Wet Pendulum Test and Class D1 for Dry Floor Friction Test.

Application

SC-R 70 tread cover are suitable for installation Off-Shore or on hard surface stairs such as concrete, steel, chequer plate, timber etc. they can also be installed on grated stairs using the SC-R Saddle Clip Assembly.
