

Architectural / Commercial information

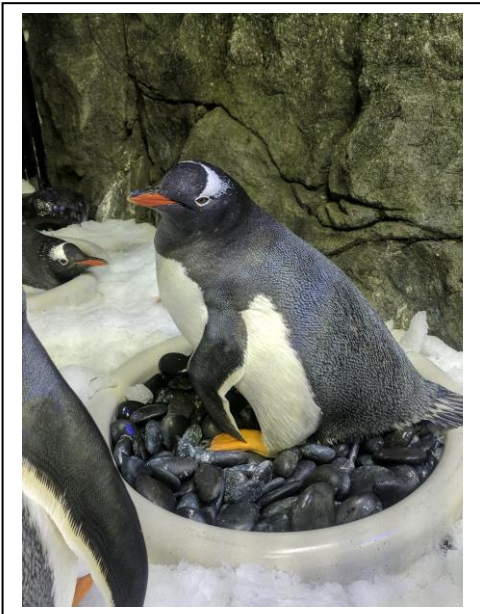

Staircare SC-R™ Composite material sales and custom fabrication.

Staircare SC-R™ is the registered trade mark for our FRP products and fabrication services.

SC-R™ FRP grating is available in many forms and finishes and supported by FRP structural shapes and handrails to complete an FRP system. This works to provide safe and versatile access, as materials are non – conductive and produce exceptional corrosion resistance.

By working together we have been able to create different solutions with great results.
